Metric definitions and review notes

- **Principal released:** original principal on loans whose current status is approved or paid.
- **Scheduled receivables:** total payable on originated loans before future late penalties.
- **Approved collections:** payment records with approved status; pending and rejected payments are excluded.
- **Outstanding portfolio:** scheduled receivables plus recorded penalties less approved collections, floored at zero per loan.
- **Overdue exposure:** unpaid scheduled amount plus recorded penalty for installments marked overdue or past due as of the report timestamp.
- This is an operational management report, not an audited financial statement. Control exceptions should be resolved before external use.
